Today's Game

Barring a tie, it will be mandatory for one of the two schools on the field today to break into the 1970 win column. Ithaca came close last week against Denison, leading 21-13 in the fourth quarter before falling 35-27, while the Dragons have yet to have the lead in a game this season.

The Ithacans' cause to date has been hurt largely by their own mistakes, which include six lost fumbles and 197 yards in penalties called against them. It was a fumble that turned the tide of the game against the Bombers last week in Ohio. Leading by a touchdown in the fourth quarter, quarterback Doug Campbell had his team driving for what could have been the clincher, only to see a Denison fumble recovery and subsequent Bomber infraction on the same play move the ball from the Denison 40 to the Ithaca 30. Five plays later the Ohioans scored and then added two points to tie the game. The momentum had switched and was not to be regained.

Campbell, who was the star of Ithaca's upset over the Red Dragons last year, is establishing himself as one of the finest quarterbacks in the region. In his two games this season the 6-2, 200-pound native of Rochester is 14 for 30 passing, good for 162 yards and one touchdown, and has rushed for 247 yards and two t.d.'s. His 189 yards running last week was the second highest rushing total ever for an IC gridder. His passing is said to be much improved over a year ago when he had a completion average of below 40 percent.

His favorite receiver is Barry Smith who has caught eight passes for 86 yards after two games. The eight receptions are notable, considering that last year's leading Bomber receiver caught just nine passes all year.

Campbell's running attack will be bolstered today by soph John Doebring who has rushed for 77 yards on 20 carries for a just-below four-yards-a-carry average,

and by Bill Kleinfelder, the team's number three rusher with 60 yards in 19 trips at the enemy.

Defensively, the Bombers will be led by tackle Pete Bauer, who has been in on 25 tackles, has recovered a fumble, blocked a punt, and knocked down two passes, and by end Gary Mix who has 10 unassisted stops and has also batted down a pair of aerials on the rush.

Both teams can move the ball on offense. Ithaca has accounted for a total of 595 yards while the Hillmen have rolled to 691. The Dragon attack has 447 yards through the air and 244 yards on the ground.

Coach Jim Butterfield of Ithaca says that his team must specifically stop Q.B. John Anselmo and receiver Earl Rogers today for his team to win. Anselmo has accounted for 410 yards so far while Rogers has hauled in 13 passes for 285 yards, including an 81-yard t.d.

"It seems that we always have to try to stop a Cortland quarterback-receiver attack," says Butterfield. "Before Anselmo and Rogers, it was Don Congdon and Rod Verkey."

Coach Roger Robinson's team will be bolstered by the return of hard-running fullback Tom Butcher, who missed last week's game, and possibly by tailback Joe Bramante, who has yet to play due to an ankle injury. Ed Zukowski has been the Dragon rushing offense after two games with 139 yards on 43 carries. One reason that the ground attack total is meager is due to the fact that Cortland has had to play catch-up football in both games and has consequently gone to the air.

Cortaca Jug

The Cortaca Jug is held proudly by Ithaca Coach Jim Butterfield, shown above with his daughter Kristin, after Ithaca won last year's Cortland game. Since 1962 the winner of the traditional Ithaca-Cortland rivalry has been awarded the Cortaca Jug (the "Cort" in the name from Cortland, the "aca" from Ithaca) and both teams today are seeking to gain possession of the Jug. The Jug was donated by Ithaca alum Dick Carmean and Cortland grad Tom Decker to add a little more spice to the already-spicy rivalry.

GAME NOTES: Ithaca is the oldest rivalry on the Dragon Schedule. The only four-year football playing schools that met Cortland before the IC series began are Slippery Rock, (East) Stroudsburg and Mansfield. It's been a while since the likes of early foes Oswego Normal, Keystone Academy and Morrisville Aggies. From 1930 until the present, the Cortland-Ithaca series has been played consecutively with the exception of the seasons 1935 to 1948. Since 1962 the winner of the traditional battle has won possession of the "Cortaca Jug" for a year. Last year's IC win snapped a 5-5 deadlock and puts the Bombers one up, an incentive fact that won't be overlooked by Robinson's crew this season. The Ithacans took the jug home last year largely thanks to soph QB Doug Campbell who was making his first varsity start after seeing his mates lose their first two games of the year by an improbable total of 89 points. Trailing 28-21 with six minutes to go in the game, Campbell gambled on a 4th and 10 from midfield and not only picked up first down yardage but picked up all the yardage in sight on a 50-yard t.d. scamper. Trailing by one, he flipped a two-point conversion pass to put Cortland in the losing column for the first time in '69. He scored from 10 yards out in the final minute to ice the cake. Ithaca finished the season 3-5. Almost overshadowed by Campbell's heroics were some record-setting Cortland performances. John Anselmo set single game standards for passing yardage, 202 on 13 of 25, and total offense, with 249 yards. His three t.d. aerials also tied a mark shared by two others. Earl Rogers also had a fine day; his eight receptions for 128 yards broke Rod Verkey's old record of 119 yards set in '67 against Post.

Twin 10-Story Towers to House 512 Students

A new 10-story dormitory and dining hall complex costing approximately \$5 million is planned by the State University College at Cortland. Completion is anticipated in August, 1972. The complex, which is shown in the artist's model, above, will be constructed on property adjacent to the south end of the present line of campus residence halls along Broadway. It will be bordered by Broadway on the west, Warren Street on the south, and Water Street on the east.

The facility will consist of a split-level base structure designed to conform with the site terrain, with two dormitory towers rising at opposite ends of the elevated plaza. The dormitory structures will be 10 stories high

and will provide space for 512 beds.

The dining hall portion of the facility will accommodate 248 persons. The entire complex will be electrically heated and will contain, in addition to dining and sleeping facilities, nearly 9,000 square feet of space for music listening rooms, seminar and study rooms, exercise rooms and student activity programs.

With the completion of the new living facilities, Cortland will have 2,700 spaces available in on-campus residence halls. College officials report there are no plans at present for constructing additional state-supported residence halls in the future.

Player Sketches Updated

The Springfield program, in an article titled "Player Profiles," gave sketches of 67 players from Coach Roger Robinson's mid-summer depth chart. How good a predictor was the pre-season chart? Were players playing the same positions in the opening game that they were ticketed to play last summer? How many of the penciled-in starters actually started the first ball game? Here is an analysis of last program's listings.

Of the 67 players mentioned in the article, only 52 were on the Dragon roster as the season got underway. Fifteen decided either to quit or not go out for football. On the other hand, 10 players' names did appear on the roster but not on the early depth chart. So, counting punters Fred Campi and Ken Miller (who were not listed on the chart), there were 64 players on hand for the opening whistle.

The chart correctly predicted 15 of the 22 starters who answered the opening bell. The break-throughs? Offensively, Ed Zukowski was at tailback in place of

the injured Joe Bramante (on the depth chart Zukowski had been listed as the starting wingback, a position he has yet to play); Tom Spadafora was at wingback (he had been listed as a defensive reserve); Gary Metz started at left guard in place of injured Al King (Metz had been listed as a back-up tackle); and transfer Al Brunetti opened at center (the heir apparent didn't come out).

Defensively, transfer Billy Giugliano started at middle-guard (he was listed as a reserve linebacker); Mike Cappeto opened at tackle (and not middle-guard as listed); Mickey Spillet started at right cornerback (Paul Besstak, who had been listed there, was moved back to wingback); and Russ Jarem started at one of the safeties (he was listed as the fifth cornerback).

Considering the above switches and the number of players who surpassed those ahead of them, among reserves as well, the depth chart gets about what the coaches expected—a B minus. Useful but far from accurate, just as almost any football depth chart will be.

Robinson Looks to Eighth Winning Season

Roger Robinson begins his eighth year with a 39-19 record and has never had a losing year at Cortland. In fact, no team with which he has been associated as a coach has ever suffered a sub-.500 campaign. Robinson came to Cortland in 1963 after serving as backfield coach and freshman track head for six years at Harvard. Prior to that he was head coach at Port Jervis High School in football and track, 1951-56, and before that served as line coach for two years under the late Andy Kerr at Lebanon Valley (Pa.)

Robinson graduated from Syracuse in 1947 and picked up his master's from the same school a year later. Upon graduation he played in the East-West Shrine Game in San Francisco and was also drafted by the Washington Redskins but passed on a shot at a pro career in favor of entering the teaching/coaching profession. He was a two-way performer at single wing tailback and defensive safety. The father of eight is an associate professor in the Physical Education Department. He will work with the offensive backs and kickers.

OFFENSIVE INTERIOR LINE: Larry Martin is a graduate of SUC Cortland where he was a two-year starter as an end under "Chugger" Davis. He also played golf as an undergrad and is presently the College's golf coach. He spent 10 years in the high school ranks before returning to Cortland. He holds a doctorate from Springfield.

DEFENSIVE INTERIOR LINE: Jack Emmer begins his second year in Dragon country and is also the varsity lacrosse coach. A 1967 graduate of Rutgers, he captained both the football and lacrosse squads. He holds most Rutgers pass receiving records. A 13th round pick of the New York Jets, he was a late cut and subsequently played two years with the pro Long Island Bulls. He coached and taught two years in Long Island high schools.

DEFENSIVE BACKS: Andy Grieve moves to this post after five years as head of the Baby Dragon grid-ders. A graduate of Ithaca College and N.Y.U., he spent 17 years in New York and Pennsylvania prep ranks before coming to Cortland in 1965.

DEFENSIVE ENDS: Jerry Casciani comes to Cortland after serving as district department head of health and physical education in York, Pa. He is a Springfield

grad where he played football and wrestled. He will be frosh wrestling coach. Previous coaching assignments have been at York J.C., Manhasset H.S., and Baltimore J.C. where he coached a national championship lacrosse team. He holds a master's from Penn State.

SCOUT TEAMS: Carl Hinkle will be in charge of setting up coming opponents' offenses and defenses. A graduate of Montana State where he played football, he has assisted the past two years at Ithaca College and Cornell, respectively.

RECEIVERS: Pete Warner comes back to his alma mater as a grad assistant after two years of teaching/coaching and try-outs with the Houston Oilers and Hamilton Tiger-Cats. He's one of the best receivers ever to play for Robinson.

LINEBACKERS: Doug Parsons played two years of linebacker at Cortland before an army stint that included a Viet Nam tour.

FRESHMAN COACH: Bob Wallace is back in football after missing a year due to a sabbatical leave. He studied secondary physical education in Europe. Wallace is a '53 Cortland grad and was an outstanding QB under Davis. He began his teaching and coaching at Cortland in 1956. He also serves as varsity baseball coach and in 13 seasons has a winning percentage of .714. He has never had a losing season.

ASSISTANT: Vince Gonino recently was named second runner-up for the "Rookie Coach of the Year Award" among the more than 100 eligible varsity wrestling coaches across the country. He was a prep standout in football, wrestling and track at Watertown High before matriculating at Ohio State, from which he graduated in 1960. He was an outstanding wrestler with the Buckeyes. He begins his sixth year on the hill and will work with the frosh linemen this fall. He recently concluded wrestling and football summer camps at nearby Greek Peak.

ASSISTANT: Andy Oleski is a 1969 Cortland graduate, a letterman in both football and lacrosse. He taught at Lincoln Sudbury H.S. in Sudbury, Mass. last year, coaching J.V. football and starting a lacrosse program at the school. He will work primarily with the defensive backs, the position he played, and will also be the freshman lacrosse coach this spring.

\$9.8 Million HPER Center Being Built To Serve Needs of a Growing Campus

Work has begun on the construction of the College at Cortland's \$9.8 million Health, Physical Education and Recreation Center which has been designed to meet the unique requirements of Cortland's HPER curriculum. The center will accommodate classrooms and other teaching spaces as well as activity areas and will be situated across the service road and to the west of the existing Lusk Field House.

The Division of Health, Physical Education and Recreation presently is located in the Moffett Center in the principal academic area of the campus and it is anticipated that most of the division's activities will be moved to the new Center when construction is completed in 1972.

The Division comprises the Departments of Health Education, Men's Physical Education, Women's Physical Education and Recreation Education. The Division's 1969 fall enrollment totaled 989 at the undergraduate level and 129 in graduate studies. The College's total enrollment for the year was approximately 4,800 students.

In addition to serving the needs of the HPER major programs, the new Center will provide facilities to serve the increasing needs of students in all divisions of the College. Non-majors represent a sizable portion of the students enrolled in HPER courses each year.

The architectural firm of Sargent-Webster-Crenshaw & Folley of Syracuse designed the building after consultation with members of the appropriate staffs of the Division of Health, Physical Education and Recreation and especially with the advice of Dean Whitney T. Corey (now acting vice president for academic affairs).

The bottom, or basement, level will house ten handball and eight squash courts, a wrestling room and an exercise room. To the south will be a 50-meter pool which will have six lanes, two one-meter boards and two-three meter boards. Electronic timers are planned and an upstairs gallery will seat 1,000 people.

The ground level is to include an enclosed hockey rink to the west which will have its own locker area

and will accommodate approximately 2,500 spectators on the second level. Showers and both men's and women's lockers will be on this level as will be all offices for male faculty.

On the same floor will be three team rooms, a training room, a fencing and motor learning room, a laboratory classroom complex for human performance, five classrooms (including one over-sized), a faculty lounge, a student reading lounge and a tiered-seat auditorium for lecture-demonstrations.

Aside from the hockey rink gallery, the second, or top, floor will include a drafting room and construction laboratory for the Recreation Department and that department's faculty offices. The swimming pool gallery is also on this level as are concession and rest room facilities and three dance studios—one each for modern dance, social forms, and choreography.

The middle of this level will be occupied by the main competition gym which will be comprised of three full-sized 94x50-foot basketball courts laid side by side. Sliding bleachers will cover the outside courts when needed and will seat approximately 3,600. There will be a press box parallel to the main floor.

One end of the level calls for a small gymnasium and an adjacent competitive gymnastics gym. Offices for women faculty members, a Men's Athletic Association meeting room and intramural headquarters complete the level.

Budget economies dictate a structural steel frame for the Center, with exposed finishes throughout and a compactly organized system of mechanical and electrical equipment. A 12-inch by 12-inch brick unit is to be used for the exterior building material, chosen for its compatibility with the architectural massiveness of the building.

The J.G.A. Construction Corporation of Syracuse was the successful bidder on the contract for the project. Electrical work will be performed by Randall Electric, Inc., of Syracuse, and the plumbing, heating, ventilating and air conditioning work will be performed by Kenneth A. Taylor, Inc. also of Syracuse.

Building the HPER Center is a part of the State University's multi-billion dollar physical development program which is directed by the State University Construction Fund, headed by Dr. Anthony G. Adinolfi, general manager. This public benefit corporation was established in 1962 by the Legislature upon the recommendation of Governor Nelson A. Rockefeller to expedite the construction of facilities to meet the State University's Master Plan requirements.

Who Are This Year's Dragon All-Americans?

The school year of 1969-70 produced a bumper crop of Cortland All-Americans. No less than eight hill students were accorded national recognition, four in spring sports. Six of these outstanding athletes will be back in the red and white this year, trying to duplicate, or better, last year's selections. Can all six repeat? Will there be Dragon newcomers to the elite corps of the country's best? While you follow the 1970-71 action, here is a quick look at SUCC's best of a year ago.

FOOTBALL: Earl Rogers and tackle Pat Nugent both were named College Division Honorable Mention All-American by the Associated Press. Rogers is called the best Cortland receiver ever (see Page 30 for school records). The pros are interested. Nugent, of Brewerton, was signed by Canadian football's Hamilton Tiger-Cats but failed to make the team.

SOCCER: Steady fullback Bob White was a primary reason for last year's soccer resurgence on the hill and the Holland, N. Y. native returns this year to lead his mates in a run for the SUNYAC championship. He was a New York State A-A choice.

SWIMMING: Sophomore tanker Bob Stefferson, a Great Neck South High grad, was a two-event All-American. He was eighth nationally (College Division) in the 400 individual medley at 4:37, and 12th in the

200-yard backstroke, 2:09.0. The top 12 finishers in each event are named A-A. Bob's only a junior this year.

BASEBALL: Ken Torrey became the first Cortland horsehider ever to make A-A. As a junior center fielder, the native of Babylon, N. Y. hit .392 and his 10 triples were the most in the nation by a College Division player. He set school season records for: most hits, 31; triples, 10; and total bases, 52. He was selected to second team A-A.

LACROSSE: As a junior, midfielder Donny Hallenbeck was named second team A-A. Hallenbeck, the team's tough face-off man, scored 18 points on 13 goals and five assists to go with a fine all-round field game. He's a graduate of Massapequa High.

In his final season Rich O'Leary, an attackman from East Meadow, was named to the third team after being a second team selection as a junior. He led the team in scoring with 22 goals and 31 assists. He had three points in the annual North-South All-Star Game. Crease-attackman Paul Wehrum had an outstanding sophomore year. The Freeport alum fired in 38 goals to go with one assist to rank as the squad's number two scorer. He was named A-A Honorable Mention.

Notes on Cortland's part in the first 101 years of collegiate football—While Princeton and Rutgers, the two 1869 combatants in college football's inaugural, start their 102nd year of football, Cortland's Red Dragons launch their 43rd. . . . Six Hill coaches have guided the monsters to a record of 162-109-23, a very respectable winning percentage of .597. . . . Should the Dragons win their first two they would climb above .600. . . . Cortland's original 1925 schedule was comprised of games with Syracuse Frosh, Slippery Rock, St. Bonaventure J.V., Colgate Frosh, Stroudsburg (no "East" yet), Mansfield, and Oswego Normal. . . . Not only did the next few years pick up modern rival Ithaca, but also the likes of Cornell J.V.s and Frosh, Alfred Frosh (Cortland didn't play their varsity until 1940 although the Dragons played their yearlings in 1926), Manlius, Keystone Academy, Hartwick, the Morrisville Aggies, Arnold College and Genesee Wesleyan. . . . Over the years Cortland has met 48 representatives of 43 institutions and holds a 28-17-3 all-time-series edge. . . . Note the number of schools Cortland has met

over the seasons that no longer, (a) play football, (b) exist. . . . Most wins in one season is eight, 1964; most losses, six in 1927 (the year the Babe hit 60 out), most ties, three in 1932. . . . The teams of 1932-33 were undefeated but had five ties between them. . . . From 1932 through 1937, "Chugger" Davis teams were 28-4-7, for an .875 win clip. . . . There have been three undefeated seasons but never a perfect year—at least one tie each campaign. . . . Winless years were 1927, 0-6-1, and 1928, 0-5-1. . . . Davis finished with a .610 percentage, Robinson currently .672. . . . The game with the University of Indiana (Pa.) will be the first grid meeting ever between the schools. . . . The average tenure of each Cortland coach has been about 7½ years. . . . 28 seasons with Davis, only one each for Hendricks and Hobson, only two with Kumpf. . . . Nine games in '70 ties for most contests in one season with '64 and '65. . . . Only five games played in 1942 for the least number played any fall since 1925, excluding World War II years.

AN OPEN LETTER TO YOUTH

...from an Olympic Athlete

(Cliff Cushman, a member of the 1960 U.S. Olympic team and a University of Kansas all-time track great, suffered a stunning disappointment at the 1964 U.S. Olympic Trials. Having finished second in the 400 meter hurdles in 1960 at Rome, he was a top candidate for a gold medal in 1964. But he hit and tripped over a hurdle in the Trials and fell to the track, eliminated from the competition and the Games. When messages of sympathy poured in, Cushman replied with a stirring open letter to the youth of his home town, Grand Forks, N. Dak. In the fall of 1966, Captain Cliff Cushman, USAF, was shot down over Viet Nam and is now listed as missing in action. EDITOR)

Don't feel sorry for me. I feel sorry for some of you!

You may have seen the U.S. Olympic Trials on television September 13. If so, you watched me hit the fifth hurdle, fall and lie on the track in an inglorious heap of skinned elbows, bruised hips, torn knees, and injured pride, unsuccessful in my attempt to make the Olympic team for the second time. In a split second all the many years of training, pain, sweat, blisters and agony of running were simply and irrevocably wiped out.

But I tried! I would much rather fail knowing I had put forth an honest effort than never to have tried at all.

This is not to say that everyone is capable of making the Olympic Team. However, each of you is capable of trying to make your own personal "Olympic Team," whether it be the high school football team, the glee club, the honor roll, or whatever your goal may be. Unless your reach exceeds your grasp, how can you be sure what you can attain? And don't you think there are things better than cigarettes, hot-rod cars, school dropouts, excessive make-up, and duck-tail grease-cuts?

Over 15 years ago I saw a star—first place in the Olympic Games. I literally started to run after it. In 1960 I came within three yards of grabbing it; this year I stumbled, fell and watched it recede four more years away. Certainly, I was very disappointed in falling flat on my face. However, there is nothing I can do about it now but get up, pick the cinders from my wounds, and take one more step followed by one more and one more, until the steps turn into miles and the miles into success.

I know I may never make it. The odds are against me but I have something in my favor—desire and faith. Romans 5:3-5 has always had an inspirational meaning to me in this regard. "... we rejoice in our sufferings, knowing that suffering produces endurance, and endurance produces character, and character produces hope, and hope does not disappoint us..." At least I am going to try.

How About You?

How about you? Would a little extra effort on your part bring up your grade average? Would you have a better chance to make the football team if you stayed an extra 15 minutes after practice and worked on your blocking?

Let me tell you something about yourselves. You are taller and heavier than any past generation in this country. You are spending more money, enjoying more freedom, and driving more cars than ever before, yet many of you are very unhappy. Some of you have never known the satisfaction of doing your best in sports, the joy of excelling in class, the wonderful feeling of completing a job, any job, and looking back on it knowing that you have done your best.

I dare you to have your hair cut and not wilt under the comments of your so-called friends. I dare you to clean up your language. I dare you to honor your mother and father. I dare you to go to church without having to be compelled to go by your parents. I dare you to unselfishly help someone less fortunate than yourself and enjoy the wonderful feeling that goes with it.

I dare you to become physically fit. I dare you to read a book that is not required in school. I dare you to look up at the stars, not down at the mud, and set your sights on one of them that, up to now, you thought was unattainable. There is plenty of room at the top, but no room for anyone to sit down.

Who knows? You may be surprised at what you can achieve with sincere effort. So get up, pick the cinders out of your wounds and take one more step.

I dare you!

Sincerely,

CLIFTON E. CUSHMAN

Cortland's Outdoor Education Center is located on the point in the lower left corner of the adjoining photo. Inset shows the Swiss Chalet, one of the dormitories at Raquette Lake.

Outdoor Education Center

For 22 years, the College at Cortland has been able to offer students a unique off-campus experience in the heart of the Adirondack wilderness surrounded by two and a half-million acres of Forest Preserve lands. Accessible only by boating across more than a mile of open water or by driving across ice two-feet thick during winter, the facility is the College's Outdoor Education Center at Raquette Lake.

The purpose of the Center is "to serve the educational needs of the College community with particular emphasis in areas related to environmental education." During the 1969-70 year, the Center was the site of 48 separate programs over a period covering 302 days. The number of students participating in these programs totals 1,536, more than 40 percent of the College's full-time undergraduate population.

Required undergraduate courses, summer session courses, field trips and workshops constitute the majority of SUCC's Raquette Lake programs. Continuing education programs, meetings and conferences complete the year-round schedule.

Students majoring in biology, physical education and recreation education are the chief participants. Biology offerings include field trips in the areas of mammalogy,

taxonomy of vascular plants and limnology. Men and women physical education students take the required Outdoor Education course which is usually a two-week program at the Center. Recreation Education majors also take Outdoor Education.

One of the long-time users of the Outdoor Education Center is the Campus-Laboratory School at the College. Junior high school students have regularly participated in the environmental education offerings at the Center. With the junior high school classes now phased out, Campus School students in fifth and sixth grades will continue to have opportunities to study at Raquette Lake.

George Fuge, a 1949 graduate of Cortland, became director of the Center in 1962. Since he has been in the position, Raquette Lake programs have increased by 300 percent. One of his most time-consuming tasks is responding to requests for information and assistance in developing environmental education programs in educational institutions throughout the United States. Last year, he had 400 such requests. In addition, 157 persons visited the Center in 69-70 to observe and audit on-going programs. Seven public school systems in New York State developed their own programs with the assistance of the Center's staff.

CHEVY'S NEW LITTLE CAR IS OPEN FOR BUSINESS.

Vega 2300 is here at last.

We'd have brought it out sooner, but you know how it is. We've got a lot riding on this little car and we wanted it to be right, really right, before turning it over to you.

Now we're ready.

And you were wise to wait.

Because now you can buy what we at Chevrolet have come to modestly believe is the best little car in the world.

We don't expect this ad to convince you.

We expect the car to, though.

Vega. The little car that does everything well. Look into it.
